EPSO/03/bc D(2008) 2155

NOTE FOR THE ATTENTION OF THE PERMANENT REPRESENTATIVES OF THE MEMBER STATES

Subject : Publication of the open competition EPSO/AST/68/08 – Nurses (AST1) for a medical service or Commission nursery

We would like to draw your special attention to the above mentioned competition published by EPSO in the Official Journal **C 175 of 10th July 2008.**

The closing date for online registration is **16th September 2008.**

This competition requires that candidates have a level of post-secondary education attested by a nursing diploma. No professional experience is required.

We are aware that this is a specific occupation and that targetted publicity in attracting qualified candidates from each Member State is important.

We would therefore be grateful if your authorities could take the necessary actions in order to help reach a maximum number of suitable candidates. You may want to inform professional associations, hospitals, day care centres, rest homes, sanatoriums, etc.

For more information, please contact epso-AST-68-08@ec.europa.eu. It is also possible to find the notice of the open competition on the EPSO website http://europa.eu/epso.

Thank you very much for your cooperation.
